SIR

I have the honour to inform you that my visit to Shimoga last month I spoke to the Headmasters of the Shimoga College and the Shimoga Normal School as well as to the leading inhabitants of Shimoga to take steps to open a Students' Home I am glad to say that a meeting of the principal officers and inhabitants was called on the 6th Instant and a sum of Rs 253 was promised as donations towards a reserve fund for the Students' Home An influential Committee has been formed and a house secured for the Students' Home The Home will be managed on the lines of the Homes in Mysore city It is proposed to open the Home from the 1st August 1898 Under these circumstances I request that Government

may be kind enough to sanction a grant of Rs 52 a month from the 1st August 1898 to meet the following cost of establishment of servants and house rent -

House rent -	Rs 20
Cook -	12
Waterman -	10
Scavenger -	4
Rem - - -	6
	Rs 52

Should there be any savings from the grant under the above heads they will be refunded into the Treasury. The want of a Students' Home has long been felt in Shimoga The Home will be a great help to the students of the Shimoga College and the Normal School. I beg to enclose a D^o letter from the Headmaster of the Shimoga College giving details of the steps taken to establish the Home for perusal and kind return

SIR,

I have the honour to inform you with reference to Order No 1612-13/58 742-96 dt 27) of 1878 that the Students' Home opened at Shimoga has been greatly appreciated and needed, as by more than twenty students the number of boarders is likely to be maintained in future. A small Hostel is also required in the vicinity of the College in which Rs20 is found to be spent. The Committee have examined and inspected the building at its first occupied, but refrain to extend or further improve it as the building at any cost more than crowded and in need of enlargement. The Committee recommend that the building may be purchased for about Rs2,000 and extended and improved at a further

cost of about Rs 1,000 The house now occupied is the only suitable house available in the neighbourhood of the College. It is healthy and well lighted and ventilated and possesses a fairly large compound. The Students' Home will be a permanent institution Under these circumstances I recommend that Government may be pleased to sanction the purchase of the house and its improvement and extension at a total cost of about Rs 3,000 to be paid from the funds at the disposal of the Chief Engineer in the Public Works Department.

Sir, ~~Sir,~~

With reference to order No 4294-6/Ed 742-96 dated 28th September 1899 I have the honour to inform you that no funds are available from the Educational Budget for the building of the Shimoga Students' Home and that it is a ruling of Government that the cost of all buildings for High Schools and Colleges at District Headquarters should be met from the D P W Budget

2 The following are the replies to the queries stated in the Government Order

I There are about twenty boarders in the Students' Home at present though in the opinion of the Executive Engineer of Shimoga there is accommodation for only ten students

II The Executive Engineer values the building at Rs 1600

III The Executive Engineer is of opinion that the present building of the Students' Home does not admit

of any improvement or alteration nor does he recommend the expenditure of any money on additions or alterations to this building.

3 A copy of the Executive Engineer's reply to the Superintending Engineer W.C No 122 dated 9th February 1900 is herewith enclosed for the information of Government

---

With reference to the above has the honour to submit herewith plan and sections of the building now used as Students' Home at Shimoga with a Survey plan of the building and its compound

2 Although on papers the building looks like a decent Travellers' Bungalow actually it is a kutcha building very old and dilapidated

3 Foundations are of stone in mud, superstructure of brick in mud, burnt bricks kutcha bricks and screen walls all

mixed up in the building, roof of jungle wood and country tiles Four of the side rooms have got what looks like ceiling of all kinds of battens. A rough estimate was made of the building. In its original construction it must have cost in all Rs 2500, Rs 2200 for the main building and Rs 300 for the outhouses The value of the site on which it stands will be about Rs 600 For want of a better building it is now rented for the Students' Home by the Education Department on a monthly rent of Rs 20

(1) The building can accommodate 10 students at present

(2) It may fairly be purchased for Rs 1600 including the site on which it stands by any private individual, but it is unsuited for any Government purposes

(3) The building does not admit of any improvement or alteration unless a new building is raised on its site nor would the undersigned recommend the expenditure of any money in additions or alterations to this building

(4) There are ample grounds attached to the College and a new set of rooms enough for 40 boarders may be built within the premises at a cost of about 20000 Rs

(5) As it at present stands it is a sorry house for a Students' Home.
